Most honoured Sir,

I am in the point, to depart to Germany on account of
the disease of my father G. F. Kraft. I wish to get from the
seat of our Government at Washington a passport, as a citizen of
the United States, as the hereby following documents will prove.

I wished to have it made out for the term of one year, although
I calculate to return in the course of three or four months
leaving my wife, being an American with our two children, to manage
the business in my Hotel, in order not to meet with any opposition
from the monarchical powers.

I beg your Excellency to accept the assurance
of my highest respect, with which I have the honour
to be

Your Excellency's most obedient servant

Thos. gives me reason to find fault with him for want of activity & energy in preparing for his approaching departure for Europe, he relies altogether too much for advice as father & upon friends, to procure for him such letters &c &c as I deem of importance to him to have, The truth is these boys should be thrown upon their own resources, for being as they learn upon parents & friends, always, at hand, they don't amount to much - Thomas proposes to sail early in Jan'y for Havre, & to visit the southern part of the Continent during the latter part of Winter & the early part of Spring, & to spend the summer in England, Scotland & Ireland - He is ambitious to become acquainted with the distinguished lawyers, statesmen & writers especially of England, you know Tom has a fine literary taste, & finer judgment of his age is more familiar with the ^{British} classics & the modern productions of modern writers than himself - He wd. very much like to have a letter to Lord Brougham & such other distinguished lawyers & scholars of England as he can with propriety obtain - Now know Tom as well as I do, and your situation enables you much better than myself to procure such letters for him as an desirable & which will be useful, I must therefore throw myself upon your goodness & kindness, & may for, & by the favour of you to interest yourself in his behalf - If I was personally acquainted with Mr. Webster I wd. write to him directly, but I am not, & must leave it to you to do what is fitting & becoming

On the 19th ult^o I requested a blank for Rev. B. Griswold, which I also duly rec^d; together with a request that I would return a copy of the filling up to your department. When the blank came to hand, Mr. Griswold had taken his final departure for Boston, where he was to embark. I sent the blank to our Trus. G. As I have not heard from him on the subject, I conclude that he returned a copy to Washington direct. If not, & you will mention the fact in reply to this, I will procure & forward the copy.

Honorable Daniel Webster

Sir,

This will be delivered to you either by, or on behalf of Mr. Charles Hay, a worthy and excellent young gentleman who has been reared in this place and has lately finished a collegiate course at Pennsylvania College with great credit. He is intended for the Ministry and is about going to one of the Theological Institutions of Northern Europe, probably at Berlin to pursue his studies.

He has been advised that a passport or some governmental protection would be beneficial to him abroad. I am not enough skilled in travelling lore to know what its official character should be, but presuming that any thing of that kind must come from your department, I pray you will allow me to ask any direction that you can officially give, on behalf of my young friend, that may be useful to him.

I am with great respect

Mr. Davis
Dear Sir:

Unforeseen circumstances, which have changed the course of my destiny, have determined me in order to better perhaps my condition, to leave the United States and seek once more happiness as well, as a competence in the Republic of Mexico. I avail myself therefore of your acquaintance and accommodating disposition, to procure me, if you please, a passport from the American government, to travel in South of this part of the world.

I hope that the knowledge and the experience, which I have obtained in my profession, will enable me, to procure that livelihood, which is held out, to all of us, by honest industry. I would take it therefore as more than kindness in you, if you would at the same time obtain for me, a few introductory lines from the American minister to the civil authorities of the Mexican Government, in which my capacities, as a teacher of music, are stated.

By directing to Louisville, where I will be in two weeks from now, your letter may reach me. Should you however think, that it will be longer than two weeks for the letter to get there, be kind enough to direct.

Dr. Sir,

This will be handed to you by John Tillson Jr. Esq.
and Col. John D. Whiteside, who will call upon you this
morning for passports, as they expect to go to England on
the Great Western which sails from New York on Saturday
next. I have advised them also to ask the favor of you
if there should be nothing improper in the request, to give
them letters to our Ministers at London and Paris - Col.
Whiteside is the Illinois Fund Commissioner, and goes to
London to settle up and adjust the accounts of the State
with the late House of Messrs John Wright & Co. and others, and
to make arrangements for the future payment of our London
interest &c. Mr. Tillson was formerly Fund Commissioner
and intimately acquainted with the financial affairs of
Illinois, and is deemed an excellent accountant, and as he
is going out at the same time with Col. W. will probably
be engaged by him to assist in the adjustment of our
State concerns, as he unquestionably will have it in his power
to render essential service in that respect. A letter from you
you will perceive therefore may be of great service to them -
and for which they will doubtless be much obliged to you.

Dear Sir

I purpose returning to Europe on the 1st day of next month, & shall feel obliged by your directing a passport to be enclosed to me, at this place, where I shall remain until the 25th, & then go to New York, whence I shall sail.

If you have any communication or public document to be sent to London, Paris, or Rome, and could consistently make me bearer of despatches, for form sake, it might greatly facilitate my landing, which may be of much moment to my invalid son, who has been order'd home by his physicians, (for the sake of the voyage) & who will return with me. Dear Sir

Being about to leave the country, I avail myself of your kind offer, made to Mr. De Ely & myself, to procure a passport for me from the Secretary of State. Mrs. De Forest & I intend to spend our lives in Syria or some other part of western Asia. We shall probably be in France for a few months & may find it necessary to visit other countries. It will, therefore, confer a great obligation upon us if you can procure from the Secretary of State a more than usually, particular recommendation of us to the agents of our government abroad.

I give, herewith, the description of person which is usually required for such papers as I ask for.

My age is twenty seven years, - my height six feet, - my complexion dark, - my face thin, - my forehead retreating, - my eyes light blue, - my hair dark brown, with a slight mixture of white, - my nose prominent, - my mouth rather large, - my chin rather long. - My wife (Catherine L. De Forest) will be my companion. She has black hair, black eyes, and is about four years old.

I have filled out this description from a formula which is now before me. If it is not what is required, or if anything, more is necessary, I will supply the deficiencies in learning what they may be. Please have the passport directed to me at this place. I was much obliged by your offer to procure it for me & you will add much to the obligation by giving the matter the earliest attention which

As the Court did not charge the Grand Jury at the opening of the Court, I thought it my duty, and deemed it as the matter stood, advisable, to file bills of indictment against the negroes, and did so, for the murder of the Capt. and Cook of the Schooner, and also for piracy, also with a view of carrying out your instructions, filed a Libel in the District Court against the negroes in behalf of the U.S. averring the fact that Her Catholic Majesty the Queen of Spain had demanded of the Government their surrendering &c; and also alleging that they were imported in violation of the law of 1819 prohibiting the importation of negroes from Africa &c; - praying the Court to decree that the Marshal hold them subject to the order of the federal Executive on this one claim or the other, as the fact should be found, and warrant Don Pedro Montes and Ruez, have also filed claims for such portions of the negroes, and cargo, as respectively belonged to them, the Spanish Consul also filed a claim in behalf of the representatives of Capt. Sir,

Dr Arthur R. Gutowski a native of Poland, now a resident of this state, had satisfied me that he has been duly admitted to citizenship under the laws of Congress.

I am satisfied also that he is a reputable gentleman. He is about to visit Europe. Having suffered imprisonment for political offences before coming to this country he is somewhat apprehensive of renewed difficulty and is therefore desirous to fortify himself with whatever may be necessary to show that he is a citizen and resident of the United States.

I beg leave to ask you to transmit a passport to him, and submit whether under the circumstances you would feel at liberty to furnish him with a letter to the Minister resident at Paris. Your communication will reach him through the Post office at New York.

My dear Sir,

I propose to sail from Boston, if it please God, on the first day of June, in the Galadonia, for England, to be absent four months. I may, but more probably shall not, visit the Continent. I am ignorant as to the expediency of providing myself for the journey with any documents from your office. I am the friend of a friend therefore to ask you to furnish me with such if they be necessary: and if not to give me a certificate under your hand that I am an American citizen. I take no letters of introduction as such, because I go on an official errand for the Church of Christ. But I should be happy & proud to bear your signature to the fact that I am a citizen of the United States. Permit me to submit myself with most sincere desires for God's blessing on you in your public & in your private relations, your faithful friend,

My dear Sir

I am reluctant to trespass one moment upon your time which I know is all devoted to your official engagements. But perhaps I may be permitted to say to you that my young countryman Dr. Tull, who will have the honour of presenting you this letter, is about visiting Europe for the purpose of prosecuting more extensively the study of his profession - that he has no friends or acquaintances there - and that he will feel himself under obligations to you for furnishing him with such testimonials, whatever they may be, as respectable American Citizens have been accustomed to receive from their government when going abroad. I feel myself fully warranted in assuring you of Dr. Tull's claims to notice as a gentleman of personal merit, of promise in his profession, and of unexceptionable morals.

With the highest respect and regard

Truly yours

Montpelier March 2^d 1841

Dear Sir

I have been informed that it is necessary
 for you to have articles printed in regard to
 certificates of citizenship and that by an act of congress
 it is made the duty of the Secretary to grant such certificates
 to such as apply. You will therefore confer a favor if in the
 present season you will be so good as to issue such certificate as necessary
 for one about to travel in Europe and Italy. Address it to
 John W. Foster Esq. Secy of War, Carlton Place.

I am yours respectfully,
 Wm. H. Miller

Fletcher Webster Esquire

State Department

Rec^d. 4 May.

Washington May 1st 1841

Fletcher Webster Esquire

Dear Sir

In consequence of my brother John P. Webster's having this day sailed from New York for Havre I have the honor to return the enclosed despatches, which you were kind enough to forward to this place for him to carry. And for the favor intended to be conferred on him, I hereby tender to you my respectful acknowledgments. It appears by a letter rec^d. from your father a few days ago that the State Department sometimes favors individuals with Courier's passports, when they carry no despatches. If it would be consistent with the rules of the Department to send such a passport to Havre directed to my brother, where he will detain some time and would receive it, you would confer a very great favor both on him and myself. The one herewith returned would I presume answer the purpose. Or if sending it after him to Havre should not be deemed expedient, I would respectfully suggest that it be sent with the enclosed package to Governor Cass, where my brother will at all events call, and would be sure to receive it.

I am with the highest regard

your obt. servt. Wm. Webster
